

Lithuanian organizations are open to project based and long-term cooperation with Ukrainian artists and institutions.

The Ministry of Culture together with Lithuanian Council for Culture had gathered Lithuanian cultural and artistic institutions contacts wishing to encourage the partnership between Lithuanian NGO sector and Ukrainian art/culture people and institutions that due to Russian invasion into Ukraine had to temporarily leave their home and find the shelter in Lithuania.

72	Kultūros infrastruktūros centras - FIXUS Mobilis	Other	FIXUS Mobilis works in the field of preventive maintenance of cultural heritage. The cooperation could be based on experience exchange and practical help to conserve or temporary fix / cover / maintain damaged or abandoned cultural heritage buildings and structures until further conservation works. Heritage professionals (architects, engineers, craftsmen etc.) can be invited to learn from Lithuanian experience and FIXUS Mobilis teams could come to Ukraine in cooperation with heritage/cultural organisation that is responsible or willing to contribute to maintenance of heritage buildings and provide some help on site at the same time passing experience to local heritage professionals and owners. The goal is to fix small issues (e.g. holes in a roof) using permanent or temporary solutions (e.g. temporary roofing, adhesives etc) to prevent long lasting damage and the loss of authenticity.

91	Kirtimai cultural center	Photography, music, dance, interdisciplinary art	Kirtimai cultural center is searching for Ukrainian fine artists who want to participate in the residency programme which will be held in Vilnius in 2023. At this stage the residency programme project is in the writing process and will be applied for funding during June-September open call of Lithuanian Council for Culture. Kirtimai cultural center usually works with fine artists representing various fine arts fields, such as experimental music, video fine arts, field recording, contemporary dance and photography. The residency programme is open for fine artists and researchers who are willing to work in pairs or small groups to accomplish shared research and creativity goals with a focus on project's main theme - friendship/togetherness. Kirtimai cultural center is planning to host fine artists on a short-term basis ranging from two weeks and up to two months. Residency will take place in Vilnius with a possibility to use cultural center's studio for meetings and creating process. Residents will be welcome to share their creative or research process with Vilnius' locals. Please contact representatives of Kirtimai cultural center individually if you need to know more technical information. Please note that living and studio spaces are in different places in the city and there is a possibility to participate in the residency programme online. In order to be considered for participation, please send your CV/portfolio/links and let us know what kind of collaboration you are seeking for.
